BOARD OF SELECTMEN

1991

Fellow Citizens of Sandown

1991 has passed into history. For many of us, this was a very difficult year. For the town, it was a year of tight budgeting and prudent spending. Your elected and appointed managers brought the town in under budget for the third year in a row.

At the time of this writing, we showed a surplus of $14,756.41. The Board of Selectmen would like to take this opportunity to thank all of the department managers for their diligent monitoring of spending.

Although 1991 was a difficult year, one that saw the town spend $51,061.32 in welfare, we did have many positive events take place. Some are listed in this report, more are listed in the various departmental reports.

1. The library addition was completed and dedicated. If you have not yet visited the library, stop by. After all, it is <u>your</u> library.

2. The "seasonal" lawsuit was settled with no dire consequences to the town.

3. Our Recycling program continued to grow. This year, you will decide on several warrant articles that, if passed, will allow continued growth of the program.

4. The Board of Selectmen continued with its work on developing a Personnel Policy and Procedure Manual for town employees. Unfortunately, this is still incomplete at this time but is a top priority for 1992.

5. The Board of Selectmen also continued work on computerizing town books and financial records. More work is also needed in this area in 1992.

6. A listing of which roads were to be plowed was compiled by the Board of Selectmen. Welfare Policies and Procedures as required by the State of New Hampshire were continually developed upon. These procedures helped the Board watch closely the money spent in these areas.

7. Last, but certainly not least, by working closely with department heads, the Budget Committee and the Board of Selectmen, our town portion of the tax rate was reduced for the third year in a row.

1992 brings new concerns that must be addressed. On March 7th, we will vote on the Timberlane School District budget and a warrant article for a new elementary school to be located in Sandown. Regardless of your position on this issue, please attend this important meeting and cast your vote.

During this year, we must develop a comprehensive program for repairing town roads. The Board of Selectmen hopes to develop this plan along with the Road Agent and provide you with this information prior to the commencement of work.

We must also continue to monitor our spending and ensure that when we do spend tax dollars, we get the very most for our dollars.

Finally, the Selectmen would like to make their annual appeal to you, the voters, to come out and vote on March 10th, come to Town Meeting on March 14th and become active in your town. Many committees and boards still need members and alternates. If you can spend some of your time serving Sandown, contact the Selectmen's office for a list of those boards and committees needing members.

To the people currently serving the town, we'd like to say thank you. Your help is vital if Sandown is to continue functioning in an efficient manner.

Sincerely,

Bill Crum

SANDOWN POLICE DEPARTMENT
TOWN REPORT FOR 1991

1991 was again a busy year for the Sandown Police Department. As all of us are very aware, the economy is suffering, and when that happens Law Enforcement Agencies see increased numbers in activity.

As I mentioned last year, the Sandown Police Department has several goals we wish to accomplish, one being that all members become more educated and professional in this field and this year we made several productive steps towards this. Myself and Sgt.John Frazier were certified as Police Prosecutors by Police Standards and Training. Sgt.Scott Currier was certified as a Firearms Instructor in Semi-automatic weapons.Both of these areas help us eliminate having to go to outside agencies for assistance.

As a joint effort of local business people through contributions, we were able to obtain a drug awareness program for both children and adults, HELP, A REASON FOR TEARS.
We were given a narcotic facsmile drug identification kit and VCR tape as instruments in awareness. A narcotic journal was published and made available with a picture of the department along with a letter to the community through this program.

A Police Application Board for hiring new officers was established. The Board consisted of five voting members and one alternate. This Board accepts and reviews applications, interviews and re-interviews candidates. A vote is taken on the finalists, recommendations are made and then turned over to the Selectmen for the final hiring.

We were able to obtain federal funds through the State of New Hampshire Highway Safety Committee for the purpose of a D.W.I. patrol. This D.W.I. program is to be implemented during the busier summer months of 1992. The funds are 100% reimbursed by the government to pay officers exclusively for this purpose.

We would like to Thank the members of the Sandown Grange for donating teddy bears to us for use in calming young children down in all types of emergencies they may be involved in.
I would also like to Thank the residents of Sandown and my Officers for all their help throughout this past year.

FIRE DEPARTMENT

1991 Report

The year of 1991 saw the department answer 107 fire or other emergency type calls. This is about the same as in the past few years.

The "Big One" in 1991 was a trash fire at the transfer site (dump). The fire started by lightning and required all one night and part of the next day to extinguish. A tremendous effort by fire fighters and heavy equipment operators kept this fire from becoming a major costly problem to the town.

The department was fortunate to have a vacant house to use for a "Live Burn" training exercise, a day-long session with approximately 40 Fire and Rescue personnel which proved to be a real good learning experience. The new self-contained breathing apparatus funded at the 1991 town meeting was used and appreciated by all.

The interest in preventive programs within the schools, kindergartens and other organizations in town has been great this past year. However, people still need to be reminded about fire safety at all times. There is no excuse for not having working smoke detectors on each level of every home in Sandown. House numbers that are visible from the street are also a must.

We have several new members this year and I welcome them and their interest to the department. I would like to thank all the men for their time and effort in making this an excellent working department. A special thank you to Deputy Chief, Dave Burke, who has decided to step down as an officer but who will remain as an active fire fighter.

The support of the town and the "let's get the job done efficiently without fanfare" attitude of the men make the chief's job a pleasure.

Thank you,

Respectfully submitted,

Irving Bassett, Chief
Sandown Fire Department

SANDOWN RESCUE SQUAD

1991 Report

To the residents of Sandown, thank you for your continuing support throughout the years. We've been a squad now for the past seventeen years and have seen many changes. Our equipment has advanced along with the training of the members.

At present, we have one paramedic, one EMT, six EMT-Ds (the D stands for those qualified in the use of the defibrillator) and one First Responder. January ended an Emergency Medical Technician course that lasted four months. I'd like to thank those who have put so much of their time in for the purpose of helping our town. We now have the potential of an additional nine members.

In my opinion, the cooperation between the Selectmen, Police, Fire and Rescue Squad couldn't be better. It makes everything run smoothly.

For the protection of the volunteers who serve our town, the Health Department has an amount allotted for hepatitus shots. I hope you will approve this.

We have responded to more than one hundred and twenty fire and rescue calls. Thank you again for all your support.

Respectfully submitted,

Fred Teague,
Rescue Squad Captain

ANIMAL CONTROL DEPARTMENT

1991

The Animal Control Department was very active in 1991 with one officer being innoculated for rabies which is becoming prevalent in southern New Hampshire. This strain of rabies will cause health problems in humans as well as in animals affected by it. Beginning in April of 1992, rabies innoculation will be required for both canines and felines. As always, licensing is required for canines.

Animal Control Officers, Tim Vincent, Cathy Vincent and Denise Laratonda responded to 575 calls in 1991. The Greater Derry Humane Society supplied some equipment and training to the town's officers at no cost to the town.

At this time, residents are charged $7.50 to license an unspayed or unneutered dog and $4.50 for one that is spayed or neutered. Proof of rabies innoculation and proof of neutering or spaying is required in order to license your pet with the Town Clerk.

Because of the threat of rabies, we can not stress enough that you must contact your Animal Control Officer if you see a nocturnal animal such as raccoons, skunks, porcupines and bats during the day.

We look forward to serving Sandown in 1992 and hope that residents will call us with their concerns.

Respectfully,

Timothy D. Vincent
Animal Control Officer

ASSESSING REPORT

VALUATION

In preparation for establishing the property valuation in the town for the year 1991, 105 sales transactions were reviewed as well as the building permits issued for homes, alterations, etc. (about 150 between 4/1/90 and 4/1/91).

Of the sales transactions, 74 were "arms length" also often labeled "valid", 18 were foreclosures, and 13 were business or family related. 29 involved land only. The 74 properties were visited to determine if any changes had been made since the last appraisal (value-adding changes are often made without the required permits). The 150 properties with permits were visited to determine the actual changes made and the resulting impact on value.

ABATEMENTS

About 150 abatement requests were received. Of these 54 were granted abatements.Of about 20 cases presented to the state, 6 were lost for 1990 and 1991 by order of the state,and 3 resulted in a negotiated settlement after submittal to the state (the town was successful in defending itself in 5 cases), the rest await state action.

Most abatements resulted from errors in the property record (unfinished areas, fire damage, excess frontage) and missing exemptions.

EQUALIZATION RATIO

Each year the state computes a value (the equalization ratio) representing a measure of the ratio of a property's assessed value to its sale value ($assessed/$selling price). Sandown' value for 1991 is 1.15. This value was computed based on 93 sales from 10/01/90 to 9/27/91, of which only 36 were used since the others involved foreclosures, bank sales, or family transactions. The individual ratios varied from .90 to 1.56 with the median of 1.15 (50% above 1.15 and 50% below 1.15). Interestingly enough, the 1.56 value sale was not the last sale but occurred on 3/11/91.

PROPERTY RECORDS

The amount you pay in property taxes is dependent on the budgets you vote for at the school district and town meetings and the appraised value of your property (my report in last year's town report expands on this). Your are welcome to review you records during office hours at the town hall. If you have any specific questions I will be happy to try to answer them (an appointment may be necessary).

SANDOWN ZONING BOARD OF ADJUSTMENT

1991 Review

The Sandown ZBA had a relatively quiet year, hearing a total of 18 cases. There were 14 requests for special exception and 4 requests for variance. All of the requests were granted most with restrictions and/or contingencies which needed to be satisfied. The reduced caseload reflects the general economic situation of the region. It seems appropriate that the Board heard a number of requests for commercial uses of property (i.e., home businesses).

It should be noted that for the first time, the Board employed an Aide to handle the paperwork associated with applications, letters of decision, etc. and to transcribe minutes of the monthly meetings. The Aide, who began in March, is Susan Rice. Susan also serves as an Aide for the Planning Board, as well as, maintaining similar responsibilities in surrounding towns. I would like to extend the Board's thanks to Susan for a job well done.

A brief explanation of the ZBA's role in the community will hopefully give rise to additional community interest in the Board's activities. The ZBA is a volunteer group appointed by the Selectmen to hear three types of appeals:

1. Variance - A request to permit the use of a piece of property which does not meet one or more of the town's land use ordinances.
2. Special Exception - A request to use a piece of property in a way not specifically outlined in the town's ordinances.
3. Administrative Decision - A request to have an administrative decision overturned which an individual feels was made in error.

The Board generally meets once a month to hear the above appeals. The Board consists of five voting members and three alternate members. The ZBA's primary objective is to maintain the balance between the rights of the property owner and the limitations put in place as delineated in the town's land use ordinances.

Respectfully submitted,

Mark R. Hamblett
Chairman,
Sandown Zoning Board of Adjustment

Sanitation Department

1991

The Sanitation Department experienced another busy year.

1991 Budget	$146,919.00
Expenses	144,218.00
Savings	$ 2,701.00

We handled and disposed of a total of 1,529.69 tons of waste including an estimated 20/22 tons of soft goods (livingroom furniture, box springs, mattresses, large rugs, etc.) which was struck by lightning and burned. This unforeseen incident created an additional expense of $4,400.00.

1,429.16 tons	Household Waste
22.25 tons	Soft Goods
78.31 tons	Scrap Metals
2,400	Tires
2,000 Gals.	Used Motor Oil

Through research and negotiations, a price of $.90 per tire was achieved for the removal of 2,400 tires.

Five months of negotiations with the Salvation Army in 1990 resulted in a commitment to place on-site one clothes collection bos. Tremendous participation by town residents resulted in an increase of two (2) more boxes in 1991.

The E.P.A. has mandated the recycling of refrigerant chlorofluorocarbon (CFC) which is one of the most potent ozone depleters, from all discarded refrigerators/freezers and air conditioners by July 1, 1992. Each appliance will be pumped out capturing the CFC Freon in proper cylinders. The depleted appliances will then be handled as normal scrap metal.

The reclamation cost will have an impact on the 1992 Sanitation budget. The Sanitation Department personnel make a tremendous effort in controlling proper disposing of waste material(s). We can only be successful in achieving savings if the townspeople dedicate themselves to disposing of waste material(s), appliances, etc. which has been generated in Sandown only plus a greater commitment to the Recycling program. (Please read the Recycling Committee's report and statistics.)

From all of us at the Transfer Station
Thank You,

SANDOWN RECYCLING COMMITTEE

ANNUAL REPORT 1991

The Recycling Committee experienced a good year in 1991 with some membership changes, but all in all we achieved recycling progress over 1990. We broke our goal of 100 tons of recyclables bringing in 112 tons and want to thank every resident that contributed and hope to welcome many more into this activity in 1992.

The year began by acquiring a used vehicle that would result in being our recycling collection and hauling vehicle. This was done through the extensive efforts of Joe Berthiaume, who negotiated the acquisition, and Bob Bragg, who has been performing the driving duties of the vehicle. Unfortunately, the truck sat dormant up at the Transfer Station throughout the winter. As soon as spring broke efforts began to make the truck road worthy. These included submitting and receiving a grant from New Hampshire the Beautiful for $1300 which was spent on painting the truck, making the collection boxes for each bay of the truck, making the walkway around the truck, and the recycling attendant's shed. We had a lot of volunteer help that really made this all come about and we want to thank Woody Woodruff, Greg Thomas, and Matt D'Ambrogio specifically along with everyone else that helped Joe get this truck and facility into gear.

We put the truck into service in May. We did have a few start up problems that took a little time to iron out, but once we got settled down we were able to add PET plastics, HDPE Jug Plastic, HDPE Colored Plastic, and steel or tin cans. The plastics don't bring a lot of weight or a lot of revenue, but we are able to get that non-degradable product out of the waste stream and put it to additional uses. We briefly attempted to start corrogated recycling, but due to our lack of sufficient volume to warrant the proper bailer it was proven inappropriate to collect. Our tin collection resulted in only a single pull during our half year of collection. We have also received several hundred dollars from returning refundables to Massachusetts and regaining our nickel refund per can. Another area of revenue has come from the Sunday waxy coupon sections which Tim Morrill has been separating, collecting, and paying the Town twenty cents a pound for.

The Committee's education program, through the use of the Southeast Regional Refuse Disposal District's (53-B) funding, continued throughout the year. We were able to publish a Spring and Fall edition of the RISE Newsletter and a summer Recycling Rules and Regulations reminder with an optional magnet included. We are expecting additional funding to continue through 1992 and we are looking for new ways to get our message and information to all of Sandown's residents.

Tom Carr, our co-Chairman, single handedly scripted a video presentation on recycling education and Sandown's future plans. He utilized the assistance of Tom Gainan, the Sandown Cable TV Committee, and Continental Cablevision who recorded and produced the video as part of Sandown Today which aired in September. We have placed a copy of our portion in the Sandown Public Library for general borrowing. This was a very diligent and time consuming feet for all involved and we are very thankful for all their efforts.

We maintian three areas of major concern and they are contamination of all kinds, volume reduction through crushing, and separation. In the late summer to early fall we had to change the drop off practices at the Transfer Station because our market source was beginning to complain about

the amount of contamination beinging included in our recycling loads. We are still finding considerable amounts of contamination in our newspapers.

Our aluminum cans, being our largest source of revenue, cause us to put the truck on the road each week because we can't seem to get the needed cooperation in crushing the non-refundable aluminum cans and therefore take up considerable space in the truck.

Source separation or putting each different type of recyclable in a separate bag or container at your house before delivering it to the Transfer Station would really help alot. Unseparated recyclables force the recycling attendant and the Recycling Committee volunteers at times to get really backed up while determining the proper location of the recyclable or removing caps or crushing the product.

Here is the final tonnage breakdown of recycling for 1991:

	Tons
Newsprint	59.88
Sunday Coupons	.59
Aluminum Cans	6.65
Refunded Aluminum	.12
Glass	37.80
Plastic	5.29
Steel/Tin Cans	1.79
Total Recyclable Tons	112.12
% of Total Tonnage	7.3%

Pure Revenues	$ 4,727.36

This Annual Report covers the period December 1990 to December 1991 in accordance with Section 2.7 of the District Agreement, which states that the District Committee shall hold an Annual Meeting on the first Tuesday of December each year to receive reports, choose officers, and appoint members to the Operating Committee.

The District Agreement states that the District's fiscal year shall commence on April 1 and shall end on March 31 of each year. The District Budget covers this fiscal period.

At the Public Hearing and Annual Meeting on December 4, 1990, the District elected the following Officers to serve from December 1990 to December 1991:

Chairman	Henry Mixter North Hampton, NH
Vice-Chairman	Virginia Raub Hampton, NH
Secretary	Winthrop Comley Hampton Falls, NH
Treasurer	Joseph A. Melville Hampton Falls, NH

In addition to the Chairman and Vice-Chairman, the Towns of Kensington (for 3 years), New Castle (for 2 years), and Sandown (for 1 year) were selected to serve as the Operating Committee of the District.

FROM DECEMBER 1990 - DECEMBER 1991:

The Recycling Committee continued to study and make recommendations for a Recycling Facility to be located at the Fremont landfill site. On February 21, 1991 the District voted to table for twenty-eight days the motion to proceed with building and operating a recycling facility in Fremont. At a special called meeting on March 7, 1991, the committee passed a motion to defer the implementation of the Fremont facility until August 15, 1991. On August 15, 1991 the vote was again tabled until October 17, 1991. At the October meeting, the motion to proceed with building a Fremont recycling facility was defeated.

The Recycling Committee continued the Grant Program for education and public relations. Brentwood, Fremont, Hampton, North Hampton, Sandown, and South Hampton applied for, and received, grants which totaled $7,542.50. Again, the Recycling Committees have done an excellent job in producing educational materials for their communities. $10,000.00 has been budgeted to continue this program in 1992-1993.

Household Hazardous Waste was, and is, an on-going issue for the Recycling Committee. The committee began planning a series of household hazardous waste collection days and also used oil and used tire collection programs for member towns.

A State Household Hazardous Waste Advisory Committee was established and Henry Mixter, Bob Batchelder, and Barton Carr were appointed as the District representatives to that committee. Mr. Batchelder has attended most of the meetings in Concord and reports that the committee is active and working and has ongoing efforts on House Bill 776 with recommendations and comments.

The Landfill portion of the District operations continued with long-term contract with Waste Management of New Hampshire. Brentwood, Fremont, New Castle, North Hampton, and Rye shipped to the Turnkey Landfill Facility in Rochester this past year. The tipping fee at Turnkey from July 1, 1991 through June 30, 1992 is $50.18. We project the tipping fee for 1992-1993 will be between $51.45 and $52.00 depending on the CPI at January 1, 1992.

The Septage Committee and Waste-to-Energy portions of the District were inactive and will continue to be so.

Walter Hill of South Hampton, chairman of the Liaison Committee met with several key people in towns not currently members of the District.

IN THE UPCOMING YEAR:

The Administrative portion of the District will be reduced to a half-time operation. The present office location will be maintained, and the Administrative Assistant's hours will be reduced to twenty hours per week.

The Recycling Committee will continue to explore options for processing recyclables for market. The committee will also continue the planning for two household hazardous waste days and a used oil and used tire program for member towns.

The Liaison Committee will continue to work to establish stronger relationships with the Boards of Selectmen in the member municipalities, and improving communications with other 149-M towns.

The District will continue to operate its brush/wood chipper. The chipper will be delivered and picked up at no charge to the member municipalities. The uae of the chipper may be scheduled by calling the District Office or the Hampton Department of Public Works.

The District continues to have an agreement with Waste Not, Inc. for stump grinding and wastewood/wood demolition disposal. This service is located at the Town of Hampton landfill and is available to all member municipalities. It operates Monday, Wednesday and Saturday from 9:00 AM to 4:00 PM. A fee is charged for the use of the service. Further information may be obtained by calling the District Office.

Library Report - 1991

What a wonderful beginning to our 100th year of service to the people of Sandown! For the fourth year in a row, both circulation and visitor statistics have increased and we now have a beautiful new addition which more than doubled the library space.

Everyone who has visited the "new" library has been very positive about the enlarged area. During construction, library users were understanding and patient as we shifted from one space to another; changed entrance doors three times; and dealt with unpacking and reshelving of the materials. I must also commend the contractors who worked on the building. They were all very professional, courteous and most of all, willing to work around library hours. I certainly appreciated their cooperation.

On Sunday, October 27, the Library held the Official Dedication Ceremony for the new addition and over 300 people including former Trustees, librarians, state and local officials visited to celebrate our grand opening.

I cannot begin to thank all the volunteers who have helped with the project from the original Building Committee members to the fundraisers to the volunteer book movers to the flood controllers. My heartfelt gratitude is extended to each and everyone of you. I must acknowledge one volunteer whose tireless efforts from the very beginning has seen this project through. Dr. Paul Densen, chairman of the Trustees and the Building Committee, has given many hours of service to the Library to see this addition project completed. Paul kept us going; was willing to listen to different ideas; never lost sight of the objective and never gave up on the goal. Without his dedication and determination, the addition would never have become a reality. Thank you, Paul, for everything.

Library programs, under the direction of Assistant Librarian, Deirdre Laplante, have been very successful this year. We sponsored eight adult programs and ten childrens' programs.

Two new services the Library was able to offer this year were the Boston Museum of Science pass and a public-access computer. The Museum pass was made available to Sandown residents through donations from the Sandown Mothers Club and the Sandown Friends of the Library. We thank these two groups for their generous gift. A public-access computer was also donated to the Library and has been installed in the Computer Room. The Library thanks Anita Laporte and Kasey Campbell for the computer, printer and most of all, their expertise.

No Library can function without the many volunteers who support library services. Sandown Library is no exception especially this year. As I mentioned before, we have been very fortunate to have many volunteers who have helped in every way possible to keep the library running smoothly and who help improve the services the library is able to offer. Two groups of volunteers have been especially supportive this year and we thank them for their efforts. The Sandown Mothers Club has generously donated the proceeds from their Santa Sale to offset the cost of the Museum pass and the Sandown Friends of the Library remain loyal friends raising money to support library programs. We thank both of the groups and all other volunteers for their time and effort.

As we begin the next 100 years of library service, I look forward to working with the Board of Trustees to continue improving the services offered at the library. My goals are to increase the hours; to increase library holdings; and to increase adult programs.

On behalf of the Library Board of Trustees and the Library Staff, I thank the residents of Sandown for their continued support of the Library and look forward to seeing all of you in the Library during 1992. Remember Libraries are forever. Use Your Library!

Report of the

Library Building

Committee

The dedication of the new addition to the Sandown Town Library on October 27th marked the culmination of five years of planning and fund raising on the part of many people. More than 200 people attended the affair.

The new addition approximately doubled the size of the Library making an additional 3,648 square feet of sorely-needed space available at a cost of a little over $38.00 per square foot. In the period from 1987 to the end of 1991, circulation more than doubled from 8,577 to 22,035 items. During the same period, visits to the Library also more than doubled.

It is a pleasure to report that the final result came within the available budget. The total cost of the new addition came to $141,489 of which $109,000 represented public funds approved at regular town meetings. The balance was raised privately through various fund-raising activities and donations.

In the five years since the building effort was launched, many people in addition to the Librarian and Trustees serving ex officio, have contributed their time and talents. Their efforts are deeply appreciated. Among these have been:

Wm. Brennan, ex officio
Nancy Browall
Gil Buckland
Nell Cameron
Julienne Castro, ex officio
Paul Castro
Elizabeth Densen
Debbie Hunt
Vera Kirk
Barbara Lachance, ex officio
Susan Lafleur
Amelia Leiss, ex officio
Hazel Marlowe
Tina Owens, ex officio
Cathy Pinard
Nancy Robinson, ex officio
Hazel Rogan
Karen Valentine, ex officio
Cathy Wright, ex officio

Thanks are also due to the Library staff so ably directed by Barbara Lachance and to Gerry Lachance without whose services as Clerk of the Works, the task would have been considerably more difficult.

In the last analysis it is the support of the citizens of Sandown that has turned the dreams of the Trustees, the staff and the Building Committee into reality. To all of them, we extend our deepest appreciation.

Paul M. Densen, Chairman

RECREATION COMMISSION

1991

The Sandown Recreation Commission is still active in town and is currently seeking new members.

We are proposing a warrant article for $4,500 for improvements at the Roy Miller Recreation Field to include $1,500 for two sets of bleachers (one each at the two existing fields) and $3,000 to be used for equipment time to repair damage done by Hurricane Bob and to begin construction of an additional baseball diamond adjacent to the upper field.

We look forward to serving the town in 1992 and encourage residents to become involved with our committee.

Respectfully,

Richard Drowne
Chairman
Recreation Commission

CONSERVATION COMMISSION

1991 REPORT

The Conservation Commission has been fairly busy during the past year. After a number of quiet years, the Commission has attempted to provide the town with some of the benefits that the Commission could help provide. As you may know, budget requests by the Commission for funding from the town were low or nonexistent in past years. For 1992, we have proposed a larger budget in light of the projects that we are developing.

The Commission has been active in seeking to improve utilization of the Town Forests and other town lands through the employment of a registered forester. At present, we are developing a management program that will address the need for open space in a growing town, wildlife management, timber management and revenue and expanded recreational opportunities in the town forests.

At present, we are negotiating conservation trail easements with the developer of a large tract of land near the center of town. We hope that this will be the beginning of a hiking/nature trail system that will crisscross the town. Ideally, we would like to connect any Sandown trail system to that of neighboring towns so as to expand the availability of good outdoor resources that would be close to home for our residents.

The Commission has continued to respond to residents' complaints concerning the violation of wetlands and Conservation ordinances and State statutes. We have done everything possible within the scope of present statute and ordinance to maintain Sandown's environment and rural character.

In conjunction with attempting to establish a trail system and comprehensive forest management program, we are investigating ways of expanding the acreage of the Town Forest. The results of increased acreage would: allow the town the ability to create a larger trail system base; increase acreage under professional forest management, thereby increasing potential forest product revenues and increasing the quality of woodland resources and wildlife habitat.

In summary, the Conservation Commission has been doing its level best to manage the Town Forest effectively and to promote forest uses that will benefit the residents of Sandown. We have been trying to monitor wetlands impacts caused by development and to respond to any alleged violations that are reported to the Board of Selectmen or the Conservation Commission.

This year with the start of our trails program and other Conservation programs, the Commission will need volunteers to help in layout and establishment of the trails and other conservation work. We invite all interested parties to attend the Conservation Commission meetings at the Town Hall and to participate in bettering our conservation and forest management efforts. We will have a larger workload than ever in 1992 and welcome your help.

Respectfully,

Patrick Valentine
Chairman

SANDOWN CABLE TELEVISION ADVISORY BOARD
1991 ANNUAL REPORT

The Sandown Cable Television Advisory Board (CTAB) serves as a liaison between Sandown cable subscribers and Continental Cablevision, produces some local programming, and sets guidelines for cablecasting local shows made by independent producers.

The Cable Board mediated problems experienced by Sandown cable subscribers. The CTAB also worked to broaden and improve cable coverage.

The CTAB met with Continental management to review their procedures for handling customer calls. In addition, we worked with Continental to get high school sports shown on cable after problems arose.

Several shows produced independently by Sandown residents were cablecast this year, including Candidates' Night, Playmates' Preschool, and a forum on public safety presented by the Sandown Police. The feature program "Sandown Today," aired with such diverse segments as a salute from Sandown Central School Students to U.S. troops in Desert Storm, Recycling, hot air balloonists, Little League Baseball, Girl and Boy Scouts, the Sandown Depot, and Town Clerk Ed Garvey.

The Cable Television Advisory Board believes that community television programming can provide a vital service to Sandown. We encourage anyone with an interest in producing cable television to get involved. Per our cable contract, Continental Cablevision employees teach classes in television production free of charge to Sandown residents.

Whether you have a problem with cable service that is not resolved by Continental, have an interest in producing community television, or would like more information about becoming a member of the Board, you should contact Chairman Tom Gainan at 887-2897.

Building Inspector's Report - 1991

The economic climate has contributed to a slowdown in building activity this past year in Sandown. During this year, we have been and continue to be involved with the inspections of properties listed as "seasonal".

This past year, 1991, a total of 135 permits were issued (164 in 1990), as well as 30 permits renewed. There were permits for 8 new single-family dwellings this year vs. 30 for 1990 and 42 for 1989.

This year, 1992, could see a dramatic increase in single-family dwellings as one of the larger projects gets under way with 70+ homes.

An even closer relationship is being maintained between this office and the Board of Selectmen, Board of Adjustment, Assessor and other inspectors: Electrical, Plumbing, Driveway, Chimeny and Oil Burner.

Electrical Inspector's Report - 1991

1991 was not quite as busy for the Electrical Inspectors. I have been pleasantly surprised to find that the quality of electrical installations in Sandown has not diminished during these less than robust times.

Thanks again to Dean Sotirakopoulos for assisting during this year.

SANDOWN MUNICIPAL SPACE NEEDS COMMITTEE

Retirement in 1992!

The Space Needs Committee was first appointed as a result of a Special Town Meeting in September 1988. Original goals were to examine, evaluate, plan and organize the Town's needs for additional space.

After four years of this process, a new municipal offices annex providing space for both Town Clerk/Tax Collector and the Board of Selectmen, multi-usage area for the Planning Board, Building Inspector and other Town Inspectors/Committees was completed in 1990. In 1991 the existing bathrooms were replaced with handicap bathrooms and a fireproof vault was built adjacent to the Town Clerk/Tax Collector's Office.

The Space Needs Committee is going into retirement in 1992 as it is not aware of any immediate Town space needs.

Special appreciation is expressed to all the volunteers both personal and professional who have aided the efforts of this Committee to accomplish the Town's space needs projects.

Sandown Elementary School Space Needs Committee

1991 Annual Report

The Sandown Elementary School Space Needs Committee studied future school needs, evaluated numerous alternatives and presented a recommendation for meeting the town's future school needs. Originally created at the 1991 Town Meeting, members were appointed by the Moderator.

In order to assess the town's future school needs, the committee managed a census of preschool-age children already living in town. Many volunteers called households and later walked door-to-door to count children. As a result, the committee determined that there will be approximately 600 children of elementary school age in the town and even allowing for five (5) percent of children to be educated at home or in private schools, we will have a need to house 570 children. This compares with today's enrollment of 390 in the Sandown Central School.

The committee examined a number of alternatives to provide education for these children. These included double sessions, mixing grades, busing students among the four towns, year-round school, leasing other space in town and tuitioning students to private schools. None of these alternatives proved feasible at this time.

Members also investigated building an addition to the existing school. But most members felt that, because no land is available, we could not be eligible for state aid to pay for 50% of construction costs. There is currently 5.25 acres on the present site and we would need 9 acres to meet state standards today and 11 acres to accommodate future enrollment.

Based on the projected student need, the lack of other alternatives and the safety of the present site, the Committee voted to recommend building a new Sandown Elementary School. Members worked with the School Board and the NH Department of Environmental Services to make sure that this site would be buildable. The Stagecoach Road site was cleaned of tree stumps and other waste, as identified in engineering studies prior to purchase, at no cost to the taxpayer using escrow funds. The majority of the Committee believes that the new school will be the best long-term solution to the town's elementary school space needs and that education is the best investment in Sandown's future.

SANDOWN HISTORICAL SOCIETY - 1991

Thanks to the townspeople, the Depot has a new roof. During Hurricane Bob, water came through in many places. Many items on the walls were wet but, thankfully, some of our members were in the building and moved things to a dry place.

A new furnace has been installed and is now in working condition. Some of our rolling stock has been painted and new parts are being made for the velocipede. The first flanger car has been underway toward being a dining car. Painting has been started and new windows are being installed. Loam has been spread and grass will soon start growing around the building.

There is a new cannon placed on Cannon Rock at the corner of Depot Road and Main Street. This was a gift of Malcolm Noyes who lived in Sandown as a boy.

Many new items too numerous to mention were donated during the year and we want to thank each and every one of the donors. We welcome all articles from the past both large and small. This is what makes the museum an interesting place to visit. It belongs to the people of Sandown. This past year, we had 370 visitors sign the guest book. 138 of them were from Sandown. Others were from as far away as Prince Edward Island, Canada, Florida and California.

There is lots of work to be done and help of all kinds would be appreciated.

The Depot is open to visitors every Sunday (1:00 to 5:00 PM) from May 30th to November 1st and other times by appointment.

Tee shirts, sweatshirts and sweatpants with the Depot logo plus other items are for sale with the proceeds used to support the Depot. There is no paid help there.

Respectfully,

Linda Weber
